Hitech Paper Cutter
22DHP-ST /22DHP-SV & 26DHP-ST /26DHP-SV

Hitech is pleased to enhance its wide range of paper cutter with the latest state of the art technology mixed with ease of use and accurate performance at affordable price.

Product Features

- Touch screen display 10" or LCD.
- Air rolling balls on front work table.
- Double hydraulic system, each for clamping and cutting.
- CE standard with safety latch & operator safety sensors.
- Double automatic breaker safety.
- High speed of paper push and cutting.
- Stepper motor or servo motor option.
- Double push guide rail for better accuracy.
- 85 mm cutting thickness.
- Stainless steel table with balls makes it easy to handle pile of paper.
- Blade height adjustment from outside.
- Pressure gauge for oil, clamp pressure gauge are in front display.
- Options for setting parameters viz. inch/mm, language,time, screen brightness.
- Self check mode.
- Shortcut key option for repeat jobs.
- Program setting for repeat jobs.
- Side table option.
- Foldable back gauge for easy transportation and space saving.
- Foot pedal or auto press option.
- Centralized control circuit for easy maintenance.
- Integrated console.
- Cutting stick may be reused 8 times.
